OBJECTIVE

Motivated B.Tech Computer Science Engineering student (2nd semester) with strong interest in software development, AI/ML, and web technologies. Skilled in C, Python, and basic web development, with a focus on improving problem-solving skills and gaining practical exposure through real-world projects and technical participation.

EDUCATION

Manav Rachna University

B.Tech in Computer Science Engineering (Pursuing)

Semester: 2nd

SGPA: 8.3

TECHNICAL SKILLS

- Languages: C, Python (Beginner to Intermediate)
 - Web Development: HTML5, CSS3, JavaScript (Basic)
 - Tools: VS Code, GitHub
 - Core Areas: Data Structures (Learning), Problem Solving
 - Additional Skills: AutoCAD (Basic)
-

PROJECTS

Personal Portfolio Website (HTML, CSS, JavaScript)

- Designed and developed a responsive portfolio website to showcase academic profile, skills, and projects.

Movie Recommendation System (Python – Basic ML Project)

- Built a simple recommendation system using dataset filtering and user preferences.
- Improved understanding of basic machine learning and data handling.

Random Quote Generator Web App (HTML, CSS, JavaScript)

- Created a dynamic web app that displays random motivational quotes.
- Strengthened DOM manipulation and JavaScript logic skills.

Movie Rating Analyzer (Python) – Ongoing

- Working on analyzing movie rating datasets to identify trends and patterns.
- Focused on data processing and analytical thinking.

EXTRA-CURRICULAR & ACTIVITIES

- IEEE Student Member
- Organized and participated in quiz-based technical events
- Volunteer at CyCog Technical Event
- Active participant in Xtreme 19.0

PROFILE SUMMARY

Dedicated and consistent learner focused on completing tasks efficiently with discipline and accuracy. Actively participates in technical events to improve communication, teamwork, and practical exposure.
